DETAILED ACTION

Drawings

The drawings were received on 7/21/04. These drawings are acceptable.

Election/Restrictions

Applicant's election of claims 1-6 in the reply filed on 4/8/04 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

This application is in condition for allowance except for the presence of claims 7-11 to an invention non-elected without traverse. Accordingly, claims 7-11 been cancelled.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

Claim 1 includes the limitation that there are two knives: a counter knife and a cutting knife. The counter knife and the cutting knife both rotate along the same axis of rotation.

Warner et al. (USPN 5127290) teaches two knives used to cut bristle fibers however the knives do not rotate along the same axis of rotation. Warner teaches that the knives have two separate axes of rotation.

Art Unit: 1744

Boucherie (USPN 5683145) teaches two knives used to cut bristle fibers. The knives rotate along the same axis of rotation however both of the knives are cutting knives. Neither knife acts as a counter knife in connection with a cutting knife.

Leigh (USPN 3871048) teaches two knives used to cut bristle fibers however the knives do not rotate along the same axis of rotation. Leigh teaches that the knives have two separate axes of rotation.

Edwards et al. (PGPub 2002/0092109) teaches two knives that are positioned along the same axis however neither of the knives is a counter knife.

The prior art fails to teach a cutting knife and a counter knife that both rotate along the same axis of rotation. For this reason the application is free from the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
